

SUMMARY

- Since 1997, I have been developing graphics and webpages using FrontPage, direct HTML editing, JavaScripts and CSS. (See http://www.orangefrogproductions.com/ofp2_ofp_websites.shtml for more information.)
- I have over 20 years of programming experience; write thorough standards and technical application documentation; have experience in creating internet websites, and an ability to research and find things - including programming examples - on the web. While I have more experience in AS400, COBOL, CL, QUERY, RPGIII, and SQL400, I also learn, and enjoy learning, new programming syntaxes and applications quickly, and enjoy learning and sharing knowledge.
- NOTE: I am looking for positions within around 50 miles or so of Lebanon, IN, especially in either Indianapolis or Lafayette.
- This resume is one of five (5) versions found on Orange Frog Productions (http://www.orangefrogproductions.com/ofp2_resumes.shtml.)

COMPUTER SKILLS

Hardware and Software

Digital Various VAXes, MICRO-VAX, VMS, PDP-11/xx, RSTS, COBOL, DCL, BASIC, SMARTSTAR, SQL, VAX EDIT/EDT, WPS-PLUS (+some FORTRAN)

IBM AS/400, RPG/400, COBOL, DDS, CL, SEU, QUERY, SQL, EXTERIM8, FEU, Implementer (CMS), RPG4, some SPLAMATIC (spool files to various formats), HAWKEYE, ALDON CMS & FLEXEDIT

Others Knowledge of and/or have used WINDOWS 95 thru XP Pro
 Proficient in NETSCAPE NAVIGATOR; MICROSOFT INTERNET EXPLORER, OFFICE, WORD, EXCEL, FRONTPAGE, IMAGE COMPOSER 1.5, MICROSOFT PHOTO EDITOR,
 Work with: JAVASCRIPT; HTML; CSS
 Have used (some knowledge of): MS POWERPOINT, ACCESS, SCHEDULE, EXCHANGE; ODBC; LOTUS NOTES, WORDPERFECT; MS-DOS

EXPERIENCE

WEBMASTER

- [Bud Sanders Appraisals Division](http://www.budsanders.com/) (www.budsanders.com/) - Lafayette, IN - 1997 to present
- [Orange Frog Productions](http://www.orangefrogproductions.com/) (www.orangefrogproductions.com/) - My own website - 2003 to present

SR PROGRAMMER/ANALYST/SR APPLICATIONS SOFTWARE DEVELOPER

FCCI Insurance Group, Carmel, IN,

1998 – 2003

(formerly Monroe Guaranty Insurance Group)

- Lead Programmer/Analyst (designed, developed, implemented, and, for most, did technical documentation for) on many (15-20 new, 30-40 additional functionality and/or debug problems) projects on the AS400, most using COBOL, CL, QUERY/400 and/or OPNQRY, some using SQL, and one using RPG/ILE. Some were used to create MS Excel spreadsheets and one produced letters through ODBC.
- Designed, developed, implemented, and documented various: generic routines and modules used in a variety of applications.

Resume of William D. Sanders

Address furnished upon legitimate request

Phones Home: On request

Cell: On request

Email bs2003js@hotmail.com

- Produced "Programmer Aids" documents:
 - Common Programs (what they do & their parameters);
 - Trouble-shooting Guide (common problems and how to solve them);
 - How-To Guide... (instructions for setting up and using things – e.g. ODBC & connecting with EXCEL);
 - Where Do I Find... (where to find examples of Common Programs in COBOL & CLP, etc.)

PROGRAMMER to SR. PROGRAMMER/ANALYST

Simon DeBartolo Group, Indianapolis, IN,

1987 to 1998

(formerly Melvin Simon & Associates, Inc. & Simon Property Group, now Simon Property Group, again)

- Technical Resource for SmartStar, SQL, VAX COBOL, VAX BASIC, DCL, RPG/400, CL, DDS, some WINDOWS, WORD, NETSCAPE, a little EXCEL, ACCESS, etc.
- Lead or Main Programmer/Analyst on 15-20 different new and numerous update/upgrades on VAX and/or AS/400 applications for various departments.
- Designed, developed, implemented, and documented various: development tools, standards, and guidelines used by a variety of MIS groups; generic routines, files, and modules used in a variety of applications for both VAX & AS/400.
- Designed, documented, and oversaw development of AS400 to VAX Email procedures (not using Office/400 or a package). Developed VAX-side procedures.
- Specifically on IBM AS/400 (last 4-5 years):
 - Main in-office Technical Resource/Team member of project to upgrade Property Management package three version levels at one time. Coder and primary QA/installation specialist for migration libraries of company's custom report programs integrated to package. Worked with consultants and contractors throughout. Documented migration procedures.
 - Technical Resource/Team member of project to convert in-house Redistribution Management System from VAX system to AS/400. Analysis/Design of 20+ programs/procedures, and coder of 5-10 programs/procedures.
 - With consultant: developed company AS/400 MIS standards & guidelines concerning coding, screen design, migration procedures, etc.; developed first MSA applications, used as samples/shells for maintenance and reporting; developed numerous "tool"-type function programs; aided with modifications to third party menu driver.
 - Kept system-wide field reference file (all other field reference files refer to it), with title of Database Administrator.
- Specifically on Digital Machines:
 - Technical Resource/Team member of project to move all applications from a cluster of 3+ older VAXes to a single newer one. Performed verifications to prove systems worked on new VAX.
 - Main Technical Resource/Team member of project to convert Accounts Receivable from PDP-11/70 to VAX/VMS-based version. Developed many of the validation and input functions, and interactive and batch procedures used throughout the system.
 - Headed conversion/testing effort for various systems from VMS v4.5 to v5.1 and SmartStar v5.1 to v5.2 at same time.
 - Assisted in developing company VAX COBOL standards and guidelines manual; responsible for producing final release.

VARIOUS NON-DATA-PROCESSING POSITIONS

In Lafayette, IN,
(while taking Cobol at Ivy Tech)

12/86 to 6/87

- Programmer/Analyst on various parts of a medical records tracking system for a prominent hospital in Lafayette

VARIOUS NON-DATA-PROCESSING POSITIONS

In Lafayette, IN,

prior to 4/79

- *Most notable:* Started as stock-clerk in father's grocery at 11 years old and was sole stock-clerk in one of his small stores by 13. By 16, had experienced almost all facets of the business, and was managing the meat department full-time. Continued managing and working in meat department off and on until after graduation from Purdue.

EDUCATION

- BA in Mass Communications - Radio/TV from Purdue University, West Lafayette, IN
- Two quarters of COBOL at Ivy Tech in Lafayette, IN

PROFESSIONAL GROWTH

While at Melvin Simon & Associates, Inc., Simon Property Group, & Simon DeBartolo Group

- In-house - Lotus Notes
- In-house - "Participating in Meetings"
- SmartStar - Basics, SQL, RSQL and function library, v5.3 Beta
- In-house - "DCL as a Programming Language"
- Digital Consulting, Inc. - Application Proto-Typing
- In-house - Successful Supervision Simon Style I, II, and III
- Franklin Institute - Time Management Seminar
- TrackStar - Project Management and Trackstar
- IBM/AS400 Automated Training - RPG/400 Programming
- IBM/AS400 Automated Training - Control Language Programming
- Spent most of a year with consultant hired to show me AS/400 languages
- Worked closely with same consultant to learn practical RPG programming
- Cozzi Research - RPGIV and ILE

While at FCCI Insurance Group, Monroe Guaranty Insurance Company

- In-house – Refreshing knowledge of RPG4/ILE
- Insurance Institute – Introduction to Property & Liability Insurance
- In-house – Finance 101 (covered how insurance companies make and report money)

OTHER SKILLS/EXPERIENCES/HOBBIES

- Designed, developed, and documented a new card game.
- Took 1 1/2 years of Civil Engineering while at Purdue.
- Performed in 5 major and 2-3 minor plays both at Purdue and in high-school.
- Worked back-stage on a number of other plays at Purdue.
- Singer/Song-writer/Guitar-player (over 100 songs written).
- Ran sound and lights, and sang back-up from the sound-board for a Lafayette band, then, later, did the same for another Lafayette/Fowler-area band.
- Took Photography course at Purdue, developing own black-and-white film and pictures.
- Have two poems published in www.poetry.com book under William (Bill) Daryl Sanders
- Researching my family's genealogy (8400+ individuals between 02/2003-06/2006)
- Created CDs/DVDs for family with Genealogy, Photo Albums, and many of the images and documents I've found
- Used Noteworthy Composer (and computer, only) to generate midis and sheet music (some "fakes") for some of my songs
